# How to Label Examples:

**Junior Division:** The label below is an example of how to label your insects in the collection. Font Size 4pt Arial font, with edges of the labels, cut down to minimize the white border around the text and be uniform in size.

Example Label: Using the June Beetle

| |
|---|
| Order: Coleoptera |
| Common Name: June Beetle |

**Intermediate and Seniors:** The label below is an example of how to label your insects in the collection. Font Size 4pt Arial font, with edges of the labels, cut down to minimize the white border around the text and be uniform in size. Common names are not required at the intermediate and senior divisions.

Example Label: Using the June Beetle

| |
|---|
| Order: Coleoptera |
| Family: Scarabaeidae |
| Common Name (optional): June Beetle |

For questions on how to label, please get in touch with Maxine Hunter and or Katie Davis at the Marion County Extension Office. Phone: 352-671-8400 Email: maxine32666@ufl.edu or davisk7@ufl.edu
