

FARMERS FEEDING FLORIDA

Florida's Beef Recovery Program in Partnership with the Southeastern Youth Fair

Administered by Feeding Florida, the Florida Beef Recovery Program helps youth exhibitors, buyers, and ranchers turn locally raised fair steers into nutritious beef for Florida families in need.

Feeding Florida partners with buyers and ranchers to recover donated fair steers, process them, and deliver high-quality Florida beef to families statewide—ensuring state-supported agriculture feeds more of our neighbors.

HOW TO PARTNER:

1 Buy Steers on Sale Night

Support local youth by purchasing a steer and donating to feed families in your community.

2 Select "Farmers Feeding Florida" as Your Processor

3 Check Out with the SEYF Office

Complete your purchase as usual- we will handle the rest!

4 Feeding Florida Handles Processing & Pick-Up

We'll coordinate pick-up and cover processing costs.

5 Receive a Charitable Tax Receipt

After beef is delivered to the Food Bank, you'll receive a receipt for your generous donation from Feeding Florida.

6 Your Beef Stays Local!

Donated Florida beef is distributed through local food pantries to families in need.
